

HRE20 - Personal Creed Project

In your planner there are Mission Statement Objectives of St. Joseph’s Catholic High School (p4). These are objectives that the staff are trying to accomplish with you, for you. We, as Catholic Faith promoters, have an Apostle’s Creed that all Catholic members believe. Even if you are not Catholic, you are embraced in Catholic Community as a member of St. Joseph’s Catholic High School.

You, as a student, were asked to complete *A Step-Up In Life* which dealt with your personal *Exodus*. Relate your personal exodus and the Mission Statement Objectives to determine your own set of beliefs in a creed. You should also mention aspects of your faith which should be reflected in portions of the Apostle’s Creed.

Examples might start:

- from the Apostle’s Creed - I believe ... “in the forgiveness of sins.”
- from *A Step-Up In Life* - “I need to be more patient.”
- from the Mission Statement Objectives - “To promote the spiritual development of each person according to the belief of the Catholic Church.”
